

The President

GFA Normalization Committee

Accra

12th February, 2019

Dear Sir,

PETITION AGAINST THE CANCELLATION OF THE NC SPECIAL COMPETITION

Our Attention has been drawn to a Statement by the NC signed by Dan Kwaku Yeboah (Spokesperson of the GFA Normalization Committee) and issued on 11th February 2019 with the caption 'Normalization Committee Special Competition Cancelled'.

As Division One league Clubs who are directly affected by the said statement, we deem the cancellation as most unfortunate as it was done without any prior notification to us.

This is a competition which we wholly embraced and welcomed and had at short notice assembled our players and technical team, registered our players and trained at great expense, all in anticipation of bringing our football back.

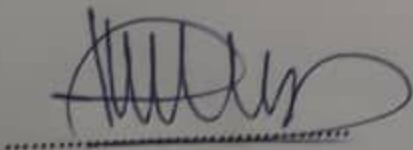

Though the statement apologized to us and promised us a new programme to keep us busy, we are of the firm belief that the non-participation of the Premier teams does not in anyway prevent our tournament from coming off as scheduled.

We have in our ranks established football brands that can generate and drive the necessary media hype and supporter's interest for a successful competition

We are therefore by this petition asking the FA to go ahead with our category of the competition failing which we would have no alternative but to demand that we be paid the full cost of our preparation towards the competition.

We trust that our petition will receive your urgent attention.

Thank you.

(Ernest Kuffuor)
